

K·L·G—THE BEST PLUG IN THE WORLD—K·L·G

There's a K·L·G made specially for you

There's a certain easy way of safeguarding yourself against all plug troubles. That's to fit the right type of "K·L·G." We emphasise "right type" because it's important. You cannot make a plug really to suit all engines. Hence the different types of "K·L·G's"—one or other of which can be relied on to give perfect service

in every modern engine. Below are listed the right plugs for various machines. These recommendations are for ordinary fast touring or town work. Racing or specially tuned engines require special consideration, and in such cases it is as well to communicate with our Technical Department, who will give you all possible advice and assistance.
