SPARKING PLUG CARRIERS AND CLEANERS.

(PAT. No. 1902).

CAR TYPE.

Price (Including Postage) 5/6.

MOTOR CYCLE TYPE.

Price (Including Postage) 5/6.

“A place for everything and everything in its place.” Don't ruin your pannier bags through insecure packing. Partly fill a receptacle with petrol, screw in the sooted plug and the next time you require it, you know where to look for it and it will be cleaned ready for use. Made from finest quality aluminium. Receptacles are independent of each other in both types.

APPRECIATIONS.

Brixton, S.W.

“ I am on tour through England and Scotland. My Sidecar is admired everywhere it goes and I am asked questions about it, especially *re* weight, etc. Really I cannot speak too highly of it, as I am carrying 5 cases and a 14 stone passenger, if this does not speak for itself, well it ought.”

Leeds.

“ Have not had the slightest trouble whatever with my Whitley, although I am daily travelling over “shell” holes which should wreck a tank.”

Bowes Park, London, N11.

“ I may say that the sidecar is giving entire satisfaction, in fact it is the first time after many years riding that I have been able to line up and ride with hands off the machine, as I can with yours.”

Birmingham.

“ In the London-Lands End and other trials, I did not experience a moments anxiety with my Whitley ‘ Sports.’ and can honestly say that except for its absolute reliability, I should not be in possession of such a goodly collection of ‘ Golds.’ ”

REPAIRS.

The “ Whitley ” Sidecar is manufactured in its entirety in our own works and is not an assembled job. As a result we have an up-to-date plant for the repair or renovation of either chassis or bodies of other makes. We are always willing to quote you for any sidecar part required, such as Chassis, Attachments, Springs, Wheels, Aprons, also for repainting, re-upholstering, etc., etc.
