

THE 1949

PANTHER

RANGE

MODEL 100

**MODEL
100**

600 c.c.

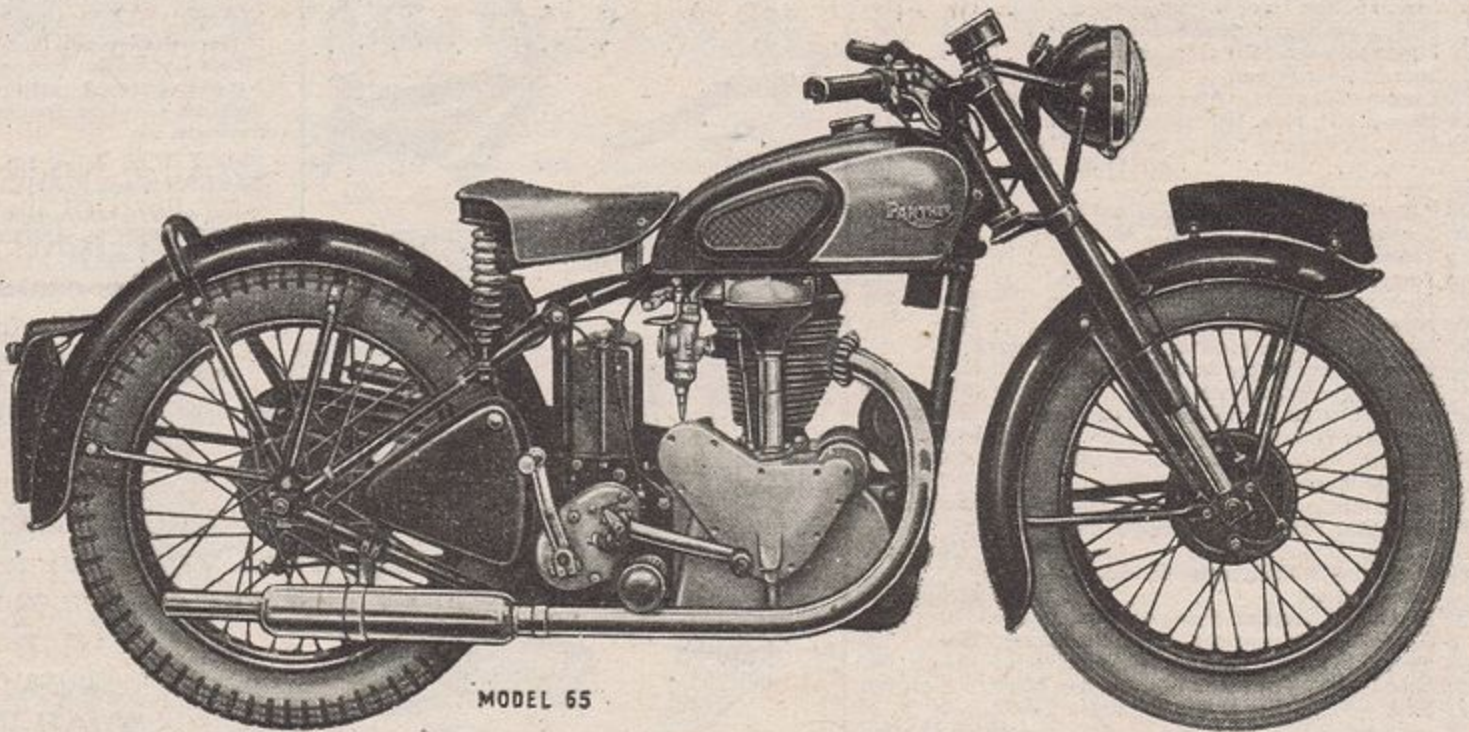

The Model 100 has been perfected in detail over the years. It now represents the ideal dual purpose machine—quiet, fast, and effortless when ridden solo, and with a tremendous reputation for giving superb sidecar performance.

MODELS

65/75

250 c.c.

350 c.c.

MODEL 65

The Models 65 and 75, recently introduced after many months of intensive testing, are having a great reception. They have a sparkling performance and great economy in fuel consumption—and like all Panthers, they really are built to last.
